### TBA Disbursement Meeting - March 20, 6:00 pm

#### The Tremont Betterment Association Disbursement Meeting

Tremont Betterment Association is the managing body of the Tremont Turkey Festival. The members of the TBA board are past Turkey Festival General Chairmen. All of the profits of the Tremont Turkey Festival are funneled directly back into our community. One way this happens is at the TBA Disbursement Meeting, which is normally held the third Wednesday in March each year. Any group or individual in the Village of Tremont may submit a request for disbursement of funds. All requests will be subject to vote at the meeting.

**To Submit a Request:** If you would like to submit a request for disbursement, [download this form](#), fill it out, and submit either through mail or email (addresses listed on the form).

- The 2024 request forms must be submitted by March 15, 2024.
- The meeting will be held at 6:00 on March 20, 2024 at the Community Center.

**At the Meeting:** A representative must be present at the meeting and be prepared with the following:

- Present a 2-3 minute presentation about your request. Items to highlight would be a bit about your organization, how it helps our community, and how many Tremont residents would benefit by your request.
- Answer questions (if any) from Betterment members.
- Representative will leave the meeting after his/her presentation.

After the presentations, the Tremont Betterment Association board members will vote on how the 2023 Tremont Turkey Festival funds will be disbursed.

Disbursements will be mailed out within a week of the meeting, and a notice of all disbursements will be in a Weekly Newsletter soon after the meeting.

### Tremont Lions Club News & Notes

The Tremont Lions Club is seeking new members and continues to explore ways to attract more participants. As a result, ***our next meeting will be during the lunch hour starting with an 11:45 social and 12:00-1:00 program on Tuesday, March 5 at the Tremont Community Center.***

The club seeks men and women of all ages who are interested in hearing from local leaders and assisting the club in our many projects and events that enhance our community.

Mr. Sean Berry, District #702 superintendent will discuss the upcoming referendum and answer any questions you might have on the issue. He'll also provide a snapshot of the many happenings in our local schools.

Our hope in having a few lunch meetings is to provide an additional opportunity for individuals working from home or at businesses in the community, who might otherwise shy away from nighttime engagements, to have an opportunity to participate in this vital civic organization. Please consider coming to this event and kicking the tires a bit to see what goes on in Lions Club!

We always have a meal and would like to plan accordingly (although you're always welcome to brown bag it). Meal cost is \$10 and an RSVP for planning purposes by Friday, March 1 can be submitted to: [jeffhin64@gmail.com](mailto:jeffhin64@gmail.com).

## Tremont Turks Athletic Booster Club - March 8th, 5:00 - 7:00 PM

Join us on **Friday, March 8 from 5:00-7:00 pm** in the Tremont High School Cafetorium for a Pancake & Sausage Dinner held along with the Spring Sports "Meet the Players" night! This event will feature team introductions for the Turks spring athletes on the Baseball, Softball and Track & Field Teams. Everyone is welcome, whether you have an athlete in these sports or are just looking for a way to support the Turks!

Proceeds from this event benefit all Turks middle school and high school athletic programs.

Advance reservations are being taken to help us plan properly for food preparation. Advance reservations for adult dinner tickets are \$6, with kids ages 4-18 just \$3. Kids 3 and under are free. [Use this link](#) to reserve your tickets in advance and we will hold your tickets are the door for payment on March 8. Walk-in reservations the night of the event are \$1 per person more over advance reservation prices.

## School Referendum Frequently Asked Questions

Download a PDF version of the following content [HERE](#)

### *What is this referendum for?*

The referendum allows residents of the school district, through a ballot process, to vote to

approve or reject increasing the limiting tax rate. Approval of the referendum would help fund operations, including maintaining and enhancing existing programs for students, adding new programming for students, and attracting and retaining quality staff. Funds would also be used for facility upgrades, including an HVAC project at the MS/HS, replacing the grade school roof, adding parking at the middle school, restroom upgrades, etc.

### ***Why is the district proposing this now?***

The district has faced significant financial issues over the last 10-15 years, but has patiently waited for the present time to pursue a referendum. The Education fund, which is the largest fund in the budget, has experienced deficits in 14 of the last 20 years. State funding proration in previous years took a significant toll on the district's finances over an extended period of time.

The district waited until the current time to ask for a referendum because the timing coincides with the expiration of existing building bonds from the 2007 high school addition. As the building bonds are paid off over the next two years, the bond tax rate will drop significantly. Passage of the referendum would increase the limiting tax rate at the same time the bond tax rate decreases. Passage of the referendum could generate over \$700,000 of new revenue going forward for the district while still lowering the overall tax rate for residents.

### ***Isn't our tax rate already high?***

Whether one considers the tax rate high or low is subjective. In relation to other communities in the area, Tremont's school tax rate is one of the lowest. Out of a selection of 30 area communities, only two have lower school tax rates than Tremont. If the referendum doesn't pass and the tax rate plummets due to the bond rate decrease, Tremont will have the lowest school tax rate in the area by a wide margin. Trying to continue to operate at that level will make it difficult to compete with other districts in terms of staffing and programs offered to students. Even if the referendum passes, the district's tax rate would still rank near the bottom of the list. Click the link below to see those rankings and a comparison of tax bills for each of those communities.

### **[Area Tax Rate Rankings](#)**

***When would this take effect?*** The limiting rate increase would impact taxes paid in 2025 and be based on assessments from tax year 2024. The school district would receive the additional funds for the 2025-26 school year.

### ***How would passage of the referendum impact the tax rate?***

This referendum is called a "limiting rate" referendum and is unique to districts subject to tax caps. Tazewell County has had tax caps in place since 1998. The only way for a district to increase its limiting rate, outside of the natural minor fluctuations that occur each year, is to pass a referendum. This particular referendum seeks to add 0.4% to the current year's limiting tax rate (4.22% to 4.62%).

The chart below illustrates the projected impact on the tax rate if the referendum passes.

<b>\$0.40 Referendum</b>	<b>2023-24</b>	<b>2024-25 (proj)</b>	<b>2025-26 (proj)</b>	<b>2026-27 (proj)</b>
<b>Limiting Rate</b>	<b>\$4.22 (4.22%)</b>	<b>\$4.09</b>	<b>\$4.62</b>	<b>\$4.66</b>
<b>Bond Rate</b>	<b>\$0.91 (0.91%)</b>	<b>\$0.84</b>	<b>\$0.24</b>	<b>\$0.12</b>
<b>Total Rate</b>	<b>\$5.13 (5.13%)</b>	<b>\$4.93</b>	<b>\$4.86</b>	<b>\$4.78</b>

The chart below illustrates the projected tax rate if the referendum does not pass.

No Referendum	2023-24	2024-25 (proj)	2025-26 (proj)	2026-27 (proj)
Limiting Rate	\$4.22 (4.22%)	\$4.09	\$4.14	\$4.18
Bond Rate	\$0.91 (0.91%)	\$0.84	\$0.24	\$0.12
<b>Total Rate</b>	<b>\$5.13 (5.13%)</b>	<b>\$4.93</b>	<b>\$4.38</b>	<b>\$4.30</b>

### ***How will this impact my tax bill?***

A home valued at \$200,000 would have a tax bill (school portion) of approximately \$3,287 in 2024. If the referendum passes, that amount would decrease to approximately \$3,240 in 2025 and \$3,193 in 2026. If the referendum does not pass, that 2024 amount is projected to decrease to \$2,920 in 2025 and \$2,873 in 2026. Click the link below to see a chart of the referendum's impact on tax bills.

### **Impact on Tax Bills**

#### ***What would this referendum mean for our students?***

The district would have the ability to retain and attract high quality staff to enhance and add more programming for students. More elective courses and programs at all three schools would provide more opportunities for students.

#### ***What happens if the referendum does not pass?***

If the referendum does not pass, the district will have to identify other methods to address the financial issues. This could include cuts to existing programming and staff.

#### ***Beyond the schools, how will this affect the community?***

The schools play a major role in the community. Maintaining quality schools is the best way to ensure the community will continue to grow and prosper. Schools are often a primary factor in a family's decision to move to a new community. Having a strong school district can be instrumental in protecting the investments residents have made in their homes.

#### ***What happens if the district needs money in the future for a building project?***

Securing bond financing for a building project would require another referendum and approval from voters. There are no projects of that magnitude being planned any time in the near future. Funds from this referendum would help pay for smaller projects, upgrades, and other maintenance items that have been put off due to finances.

#### ***What has the district done to address expenses during its difficult financial times?***

Program cuts were made about 15 years ago. While some of those programs have returned, some have not due to financial constraints. The district has also adjusted its strategies regarding bus leases and technology purchases in recent years and has utilized federal pandemic funds in a strategic manner to maximize value. Unfortunately, those federal funds will not be available any longer.

The district has also secured savings on energy through a solar project that was built at no cost to the district. The solar company owns the system and sells the energy to the district at a discounted rate. After six years, the district can purchase the system and receive the full savings. The solar system saved the district between \$12,000-\$15,000 in its first year of operations.

The most recent report on Operating Expense Per Pupil had Tremont CUSD 702 ranked 707th out of 849 Illinois school districts. That statistic suggests that the district is not over-spending.

#### ***What is the bottom line...will taxes go up if the referendum passes?***

The tax rate will decrease whether the referendum passes or not. Obviously, it will decrease more if the referendum does not pass. While property values can fluctuate, if they remain relatively steady, tax bills will decrease even if the referendum passes.

### ***When is Election Day?***

Election day is March 19, 2024.

### ***Important Final Note: Ballot Language***

The language that will appear on the ballot will make it seem as if taxes will increase. While it's true that the limiting rate will increase if the referendum passes, the overall tax rate will decrease because of the expiration of the bonds and the resulting decrease to the bond portion of the tax rate. There is no mechanism available to explain the expiration of the bonds on the ballot itself. The ballot language must focus solely on the limiting rate increase.

### Tremont Community High School and the War Effort Part 2

#### Tremont High Ahead of the Curve

1944; WWII is still raging with no end in sight. Tremont Community High School has been offering a pre-flight course, and according to an article in the Pekin Daily Times, November 2, 1944, "...is now offering a new advanced pre-flight course, experimental in nature, which five students are taking. These classes are offered for credit hours."

The article continues, "Robert Hendershott, John Luick, Gene Gardner, Alphonse Schmied and Earl Sauder make up this new class, led by R.J. Snell, a licensed pilot instructor with both military and civilian experience. Other instructors are Mr. Wallace, who has a CAA rating as a ground instructor, and Mrs. Elizabeth Hinman, who majored in geography.

"Aided by a classroom trainer plane which includes nearly all the equipment of a real plane, the students are able to learn the feel of piloting a real plane. Included in the equipment of the trainer are a turn and bank indicator and hood so instructions can be given by microphone. Each student keeps a logbook of the number of hours he has spent 'in the air.' Mr. Fred Beyer has painted an artificial horizon.

*Likely part of the Global Geography Class - "Both the theory of flight and details of planes are studied in the construction of model planes. Mary Alice Hinman, Ernie Aberle, and George Pumphrey are busy on one of the larger models to be found in the shop room."*

"Two students, Robert Hendershott and Gene Gardner, took the instruction course this summer and now possess student pilot licenses. Few subjects are so universal in their application as aviation. The Tremont school board believes that almost all schools will have such training in the future. The school has also combined social studies, English, and math as well as a new class called 'Global Geography.'"

The article goes on to say that school officials state that they "...have faith that (the classes) will perform for us, scholastically as well as in morale building."

This article offers yet another example of how, over the years, Tremont Schools have used "real world" applications to so often be ahead of the curve.
